Subject: RE: Checking in on dates for Anaconda OU1 OU4a Technical Mtg

Dave,
June 7 and 8 have the most availability in the Technical team, with the 8th being the best. I think this discussion would focus on OU-1 as the OU-4a report is still a few weeks away from being ready to submit to EPA.
Let me know if you would like to discuss further.

Subject: Checking in on dates for Anaconda OU1 OU4a Technical Mtg

Dear Jack,
Just checking in to see if you are able to identify possible dates when your team can participate in a Technical Stakeholders Meeting on OU1 (plume stability) and OU4a (data evaluation report - pending receipt).
I propose roughly a half day for each topic but am open to refining that.
Ideally we would like to receive the OU4a DER a couple of weeks in advance of a meeting.
Thanks,
Dave
